Status updates on in-process claims

Download and print feature for provider manuals

Note: The PWP works on multiple web browsers, but performance is optimized when using Internet Explorer and Mozilla Firefox browsers.

New in 2021: WellCare of Georgia Implementation

Envolve Dental is proud to welcome WellCare of Georgia.

Beginning Jan. 1, 2021, we will serve an additional 500,000 members in addition to those Peach State Health Plan members we currently serve in the Georgia Medicaid network.

Why is Re-credentialing So Important?

Envolve Dental confirms provider re-credentialing at least every 36 months from date of initial credentialing in compliance with accreditation standards. This process includes all providers, primary care providers, specialists, and ancillary providers/facilities previously credentialed to practice within the Envolve Dental network. Re-credentialing ensures that the provider is fit to perform services stated under contract. Any changes in the provider's licensure, sanctions, certification, competence, or health status are discovered during this process.

Direct Payments with Electronic Funds Transfer

Envolve Dental offers providers Electronic Funds Transfer (EFT) for claims payments that are deposited directly into the Payee's selected and verified bank account. **EFT Payments are a faster, more secure way to receive your recurring payments** without having to wait for a paper check that may be lost or stolen.

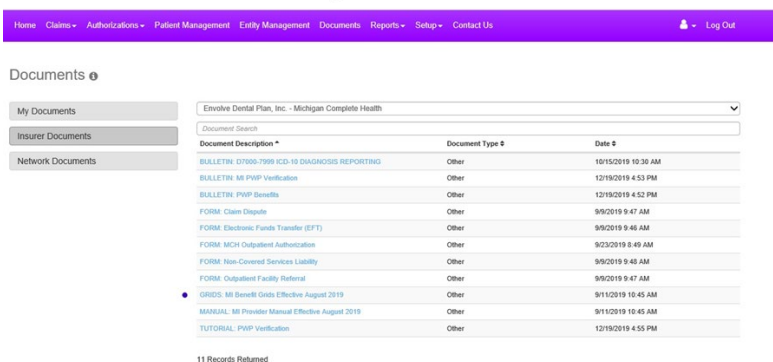

Simply complete an EFT form on the PWP and submit it with a voided check to **providerrelations@envolvehealth.com** or fax to **844-847-9807**. Activation begins once your bank confirms that set-up is complete. Direct deposits usually post after four to five check runs.

A remittance statement with a record of your payment can be found in the *Documents* tab on the PWP.

Where to View Benefit Grids

For the most current covered dental benefit codes and details, please refer to the Medicare Benefit Tables posted separately on the PWP under the Documents tab. Plans vary by state.

The CDT 2021: On-the-Go Access to Up-to-Date CDT Codes

Did you know that the American Dental Association® (ADA) has a handy, searchable app designed specifically for providers who want **quick access to new and revised CDT procedure codes**? CDT 2021 is the most up-to-date coding resource and the only HIPAA-recognized code set in dentistry.

Dental practices that work with third-party payors can receive faster reimbursements and the reduced likelihood of rejected insurance claims. Now you can receive peace of mind and simplified coding capabilities right from your smartphone. Anytime. Anywhere.

Updates to the Satisfaction Survey Process

The Satisfaction Survey process is changing! We have enhanced the process and want your feedback. Please log into the PWP at **envolvedental.com/logon** and update your email address. We would like to contact you for additional suggestions to help optimize the survey for a greater user experience.
